

with any medical test it is important that other factors do not interfere with your test result. Please read and follow these instructions carefully.

You must use the yellow screw top container provided by your doctor or the IMVS.

Containers can be collected from any IMVS Collection Centre, locations are listed on the back of your IMVS Request Form.

Collecting the specimen

1. Pass some urine into the toilet.
2. Pause, then collect urine into the container.
3. Pass the remainder of the urine into the toilet.
4. Reseal the container and give it to Collection Centre Staff.

OR

If you are collecting your specimen at home write these details on the container

- a. Your *name*
- b. *Date of birth*
- c. *The time* of sample collection

Delivering the specimen

The specimen *must* be delivered to your nearest IMVS Collection Centre as soon as possible. Please refrigerate the specimen if there is likely to be any delay.

Your results

Your doctor will advise you when results are available.
